Fiscal Estimate Narratives COMM 5/8/2009

LRB Number	09-2394/1	Introduction Number	AB-0237	Estimate Type	Original		
Description prohibiting the Department of Commerce from promulgating rules requiring registration of certain persons engaged in the construction business.							

Assumptions Used in Arriving at Fiscal Estimate

2009 AB 237 would prohibit the Department from requiring individuals engaged in a construction business to obtain a registration from the Department if the registration is not specifically required or authorized by Chapter 101 or 145 of the Wisconsin statutes.

The Department currently administers approximately 73,600 registrations in 66 registration categories. Many of these registrations are related to commercial and residential building construction, and the components of commercial and residential buildings.

Most registrations administered by the Department are administered according to specific authority. Three registrations, POWTS maintainer, automatic fire sprinkler system tester, and the Building Contractor Registration, are administered under general authority and were established via the administrative rule process. The discontinuation of these registrations would result in an annual revenue reduction of \$830,450.

Long-Range Fiscal Implications
